EDUCATION

Pillai College of Engineering, Navi Mumbai **2025 – 2029 (Expected)**

Bachelor of Technology (B.Tech) in Computer Engineering **First Year CGPA: 9.64 / 10.0**

- **Relevant Coursework:** Data Structures and Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems, Computer Networks, Discrete Mathematics

Arya Gurukul International Junior College, Airoli — *Higher Secondary Certificate (HSC — Class XII)* **2025 | 76.33%**

TECHNICAL SKILLS

Programming Languages: Python, Java, C, C++, JavaScript, SQL, HTML5, CSS3
Frameworks & Libraries: Flask, React
Databases & Cloud/Deployment: MySQL, SQLite, Vercel, Git, GitHub, REST APIs
Developer Tools & Concepts: VS Code, Object-Oriented Programming (OOP), Exception Handling, Responsive Web Design

EXPERIENCE

Tripple One Solutions — *Software Development Intern* **March 2026 – May 2026**

- Contributed to the development, testing, and optimization of software and web modules using Python and core web technologies in a collaborative environment.
- Collaborated with team members to debug application logic, apply clean Object-Oriented Programming (OOP) principles, and implement structured exception handling.
- Assisted in maintaining technical documentation, managing Git/GitHub version control workflows, and delivering assigned sprint milestones on schedule.

TECHNICAL PROJECTS

Campus Eats — Full-Stack Campus Food Ordering Web App — *Python, Flask, HTML5, CSS3, Vercel* **October 2026**

- Developed and deployed a full-stack web application using Python and the Flask framework to streamline campus food discovery and ordering for students.
- Engineered backend routing, dynamic request handling, and structured exception management to ensure reliable performance across concurrent user sessions.
- Configured cloud deployment and continuous integration workflows on Vercel via GitHub, delivering a responsive cross-device user interface.

RakshaNet — Safety & Emergency Response Platform (Internal Hackathon) — *React, Python, Flask, REST APIs, Git* **2026**

- Collaborated in a 6-member cross-functional team during the College Internal Hackathon to design and prototype a rapid safety and emergency response network.
- Built responsive frontend components and integrated backend REST API endpoints to support real-time alert coordination and user data processing under strict deadlines.
- Managed source code integration and branch workflows using Git and GitHub to ensure seamless deployment and live presentation to the judging panel.

ACHIEVEMENTS & CERTIFICATIONS

- **Academic Excellence:** Secured a 9.64 CGPA in the First Year of B.Tech Computer Engineering at Pillai College of Engineering.
- **Hackathon Participation:** Designed, built, and pitched the RakshaNet platform as part of a 6-member team during the 2026 Internal Hackathon.
- **Internship Certification:** Verified Internship Certificate of Completion from Tripple One Solutions (May 2026).
